

## Liquid & Water Leak Detection System

### Leak Detection Accessories

# Modular Jumper Cable

## Description

The Aquaman AQM-W302 Modular Jumper Cable is cable used for interconnection between separated sections of Aquaman Liquid & Water Sensing Cable. AQM-W302 Modular Jumper Cable is available in modular forms with pre-installed connectors with four different lengths, 5m, 10m, 15m and 30m.

### Package Contents

Modular Jumper Cable

## Specifications

**Connector:**  
Black Plastic

**Isolation Resistance:**  
>20M $\Omega$

**Wires:**  
4x21 AWG Conductors

**Conductor Resistance:**  
<42  $\Omega$  per km
